50X1-HUM

THIS DOCUMENT CONTAINS INFORMATION RELATING TO THE NATIONAL DEFENSE OF THE UNITED STATES. UNDER THE PROVISIONS OF THE ESPIONAGE ACT OF 1917, U.S. AND D.C. AS AMENDED, IT IS A CRIME TO OR THE REVELATION OF INFORMATION OF THIS NATURE TO AN UNAUTHORIZED PERSON OR TO PRACTICE IN ANY WAY THE REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

50X1-HUM

1. The United State Radio-Technical Works (Zjednoczone Panstwowe Zaklady Radiotechniczne) is located on Szkocona Street in Dzierzonow (Reichenbach - P 51/H 27). It employs 350 persons, producing microphones, loudspeakers, and Pionier type radio receivers (4-tube, six wave bands). Tubes, oscillators, and medium frequency devices are obtained

50X1-HUM

2. The Pionier sets are made on a conveyer system, resulting in poor quality production. They are made for the domestic market, and are not popular. The Czech Tesla and the Soviet Rekord are more frequently found in Poland.

50X1-HUM

Both the Tesla and Rekord have four tubes and four wave bands. The cabinets of the latter are badly finished, being painted instead of varnished. The Pionier sells for 750 zl., the Tesla for 450 zl., and the Rekord for 600 zl.
